Peerless Coffee & Tea is Roast Magazine's 2019 Roaster of the Year and is recognized as America's top Golden Bean award-winner since 2016! Focusing on Premier Hospitality & Craft Coffee Houses, we have been roasting award-winning, exotic coffees in California since 1924. Peerless is recognized in the specialty coffee industry for being one of the first coffee roasters in America to travel the world forging farm-direct relationships for over 40 years. We pay a premium based on exceptional quality and humanitarian support of the global coffee community. Peerless meticulously handcraft-roasts the world's finest Arabica beans. This art of specialized roasting and blending is a practice few roasters maintain, requiring extensive knowledge and high level of attention to detail with each type of bean. This art has been passed down through three generations of Vukasins and remains a hallmark of Peerless Coffee & Tea. Committed to quality, education, farmer and industry leadership and our customers, We Never Settle and Neither Should You!
