

Your resource for eco-friendly foodservice products.

# Green Guide 2020

# Your single, sustainable solution.

Reduce SKUs and improve efficiency with one lid series that now fits five Greenware Cup sizes. You'll have less back-of-house clutter with our Greenware Cup and Lid solution. Sturdy, crystal-clear Greenware products are made from plants, not petroleum.

## GROW YOUR BUSINESS WITH GREENWARE

Greenware products are made from plant sources that are domestically grown and annually renewable - a difference that resonates with today's conscientious customers.

### BOOST EFFICIENCY

Optimize inventory and streamline operations with our five cup to one lid series solution. One Lid series includes a variety of lid series, including our new Greenware Sip Lid.

### COMPOSTABLE

Greenware Cold Cups, Lids and Portion Cups are made from Ingeo™ biopolymer (PLA) and are compostable in commercial composting facilities. (Not suitable for home composting)

All Fabri-Kal products are crafted with care in the U.S.A.

# WELCOME

TO THE JORDANO'S GREEN GUIDE

**VA VUE**  
Disposables Buyer

This guide is designed to be used as a brief, comprehensive reference that highlights environmentally friendly products from our valued suppliers. Here at Jordano's, we value sustainability.

We are constantly striving to find new and innovative products that not only meet the business needs of our customers but also appreciate the environmental benefits that "green" products provide in our industry and our individual lifestyles.

Please contact your Account Executive for the availability and pricing on our extensive line of earth friendly products. We look forward to serving you!

NowPak containers are optimal for takeout, curbside pick-up, or delivery for all of your hot and cold foods. With so many options that are environmentally friendly, recyclable, compostable, and microwavable, NowPak has the perfect high-quality, low-cost packaging solution for your operation.

**deli now**®

DeliNow reusable containers are designed to hold everything from hot soup to rice and beans to nuts. They are virtually leak-proof and withstand high heat from microwaving, and they stack great while the clear design allows for easy product identification.

**micro now**®

MicroNow containers are offered in a variety of shapes with black bases and translucent lids. Their 2-piece, heavy-gauge construction makes these a great option for prepared foods or food to-go. They are reusable, microwavable, and dishwasher safe.

**nature now**®

Eco-friendly, heavy-duty, and compostable, the NatureNow product line is made from bagasse sugarcane, using only sustainable raw materials. Microwave safe and cut resistant.

**take-out now**®

Eco-friendly and patented, Take-OutNow, hinged to-go containers are made from polypropylene and a natural mineral powder that reduces the amount of plastic used in the finished product. Durable, with a full rim seal, these containers are microwave safe and able to withstand high heat.
